FLEXIBILITY

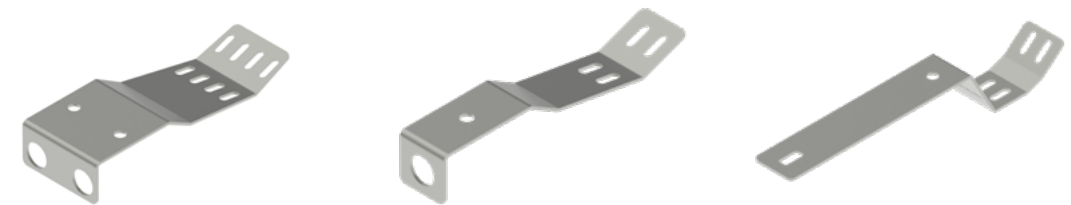

Vantrunk's Lighting Unit Mounting Brackets can be used with our Intelok Channel System and other Vantrunk products, such as Uniframe Mounting Frames, to create a wide variety of project specific lighting support arrangements.

INSTALLATION

A selection of installation jigs are also available in order to ensure the correct spacing is maintained when installing Vantrunk Handrail Mounting Kits.

CABLE GUIDES

Vantrunk can also supply Cable Guides that are designed to prevent damage occurring to the cables. Cable Guides are available for all types of Lighting Units, please contact our Sales Team for details.
